SECURED HELP  
AT MANSFIELD

Not a Marion Workman on the Job.

## WORK ON NEW LIBRARY

Now Going Along in a Satisfactory Manner.

Bad Weather of Past Few Weeks Will Make it Impossible to Finish Work by July First.

Members of the board of library trustees have been informed that not a Marion man is employed on the work of constructing the Carnegie library building on South Main street. The contractor, C. V. Berry, piqued by the fact that several months ago the local labor union filed charges against him for employing non-union men, secured all of his workmen from Mansfield, where he resides.

As a result of the charges filed against Berry, the union of which he is a member fined him \$100. In order that he might proceed with the work, Berry paid the fine. This spring, when the weather made it possible to resume operations, he engaged all of his men at Mansfield.

However, Berry apparently has plenty of help, and work on the library building is progressing nicely. Although his contract calls for the completion of the structure by July 1, weather conditions have been so unfavorable that it will be impossible for him to finish within the time prescribed. It is not likely that the library will be finished before the latter part of August.

Architect Bulford, of Columbus, who has the supervision of the construction work in charge, was present at a meeting of the library trustees, held Thursday evening, and gave a number of suggestions in regard to the progress of the work.

## Piles Cured in 6 to 14 Days.

PAZO OINTMENT is guaranteed to cure any case of Itching, Burning, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

## EASY PICKING

Not Half as Hard as it Looks to be.

(BY OUR PRESSMAN.)

Special feature writing is a cinch. As it is quite the fashion in Marion I have been chosen to furnish stuff every now and then and I just feel confident that the Mirror readers will like my stories. You will see my name in bold type at the very beginning of my stories. I like to see my name in print don't you?

Writing real stories is not much harder than operating a big press. Now if ever I am fortunate enough to get rid of some real clever stuff my friends will now be able to tell who wrote it and the honor will be bestowed where it rightfully belongs. Goodbye for this time.

## CAN TROT SOME

Wants a Few Special Day Games in Marion.

(BY OUR DEVIL.)

Say we have a baseball team the Neversweats that can make the O. & P. aggregation trot some. Drumm doesn't need to go out of the team to get any special attractions.

Our team made the Carey White Sox look like a bunch of dubs last Sunday and any time the Lime Burners think they can defeat us we will meet them half way for chalk or the long green.

Baseball is a great game. I like baseball do you? Yes? No. Well it's time to feed the pigs so I must stop for this time.

## Relief From Rheumatic Pains.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rolland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it, my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it, and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.

## WELL KNOWN HERE

Mrs. Louisa Larabee Dies Thursday at New London.

Mrs. Louisa Larabee, well known in this city, died at her home in New London, Thursday night. Her death was due to cancer and resulted from an illness of about six months.

Mrs. Larabee was a daughter of Mr. and Mrs. W. S. Chamberlain, of South Prospect street, who, with their children, have gone to New London to attend the funeral, which will take place at 1 o'clock Sunday afternoon.

## LOCAL EVENTS

A son has been born to Mr. and Mrs. John Wolfinger of South State street.

The second number of a series of entertainments under the auspices of the pipe organ committee of the Free Baptist church will be given Thursday evening, May 23 at the Y. M. C. A. auditorium.

The Central and West End Fire departments were called out at 7:30 last night by a slight blaze at the Erie pump station in the yards of the company. The fire was put out by employees before the arrival of the departments.

John Iden of Caledonia, was arrested by the marshal of that town Thursday night charged with trespassing upon railroad property and jumping freight trains. He was taken before Mayor Gruber, and pleaded guilty to the charge and was fined one dollar and costs.

A daring member of the Senior class of the high school some time during the night placed the class colors on a telephone wire in front of the High School building. Today the Juniors are wondering how the deed was accomplished. The streamers are fifty feet from Mother Earth and an attempt to remove them might result in some one being badly injured.

The condition of Mr. H. L. Frank, superintendent of schools, who is suffering from a severe attack of pneumonia, is unimproved today and his attending physician states that it is probable that he will be confined to his home for several weeks.

Gently moves the bowels and at the same time stops the cough. Bee's Laxative Cough Syrup. Contains Honey and Tar. No opiates. Best for Coughs, colds, croup and whooping cough. Satisfaction guaranteed. Children like it. Mothers endorse it. Sold by Flocken Drug Store.

## PROBATE COURT NEWS

Sophia Harper has elected to take under the will of her husband, William I. Harper.

Adelaide Farnum, administratrix of the estate of Samuel Farnum, has filed her first and final account.

Andra Herr has been appointed guardian of the property of Hannah and Florence Farnum, minors. Her bond was fixed at \$600.

The will of John and Mary O'Connell, husband and wife, late of Bowling Green township, were admitted to probate, Thursday.

## REVOLTING SITUATION

Brought to Light in Police Court.

## COUPLE UNDER ARREST

Zimmer Bound Over to Court Under \$300 Bond.

Mayor Lays Down Orders to Patrolmen Regarding the Closing of Stores on Sunday

Tiring of living in a house where her mother co-habited with a married man, not her husband, pretty little Eva Bellis, aged 15 years, yesterday filed an affidavit against her mother, Mrs. Mildred Bellis and Kohler Zimmer, the woman's paramour.

Mrs. Bellis and Zimmer were arrested last night, and from the children of the women, five in number, ranging in years from two to eighteen, the police learned one of the most revolting stories that has come to light in many a day.

At the hearing this morning, both pleaded not guilty. The case against Mrs. Bellis was postponed for several days on account of the illness of her baby.

Zimmer denied the charges against him en toto. The complainant, Miss Eva Bellis, testified that they had formerly lived in Galion, and that it was because of Zimmer that her father and mother separated, and were finally divorced. Then they came to Marion, and Zimmer followed. Zimmer is a married man, his wife having left him and returned to Philadelphia, her home. The licentious acts of the mother and the man have been carried on in plain view of the little children and the disregard of the moral law as well as the civil has been very great.

The Bellis family lives in the Rosewood addition in the west end. After all the testimony was introduced the mayor bound Zimmer over to the grand jury under \$300 bonds in default of which he was taken to the county jail.

On account of the small children it is hardly probable that the woman will be prosecuted but it is likely the humane society which has become interested in the case will ask the court to relieve the mother of the custody of the little ones.

Commencing Sunday the mayor has notified the police to compel all grocery and meat dealers to remain closed all day. It was agreed that no shop should be kept open during the summer in an agreement drawn up and signed by a majority of the meat and grocery dealers recently but it now appears that there is much opposition to remain open in spite of the agreement.

In many parts of the city it is almost necessary for meat dealers to remain open on Sunday because the people do not have ice even during the hot weather and they are unable to keep the meat from Saturday until it is used on Sunday. For this reason if a majority of the dealers believe it necessary the mayor will allow them to remain open on Sundays between the hours of 8 and 8 a. m. if remonstrance against the closing that is now being circulated.

Martin Burke, of Galion, had a plentiful supply of money yesterday afternoon when he dropped into town and met Bert Snyder, of Delaware. Burke is a youngster while Snyder is an old time rounder and had no trouble inducing the younger man to spend his change. The result was that both got full and were arrested by Officers Hostetter and Cusle from drunkenness and loitering about the Union Station.

Burke was released upon his promise to be good and go home and Snyder was fined \$5.

## SMALL BLAZE

Caledonia Visited by Fire Friday Morning.

The shoe store and dwelling house of C. W. Pommert of Caledonia was slightly damaged by fire which broke out about 9:30 o'clock Friday morning. The roof of the building became ignited from a spark from a defective chimney flue. The Caledonia Fire Department made a hurried run to the scene and succeeded in snuffing out the flames before they gained great headway.

The damage will not exceed \$100, and is covered by insurance.

For stomach troubles, biliousness and constipation, try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by all druggists.

JAMES DANDO  
BADLY HURT

Falls From Running Board of Engine.

## TAKEN TO THE HOSPITAL

Wrist is Fractured, Head and Shoulders Bruised.

A Goodly Number of Changes are Made in the Official Force of the Erie Road.

While walking on the running board of his engine in the Erie yards last night, James Dando, an engineer fell to the ground and was severely injured.

The engine was moving slowly at the time and Dando narrowly missed being crushed beneath the drive wheels. The unfortunate man was picked up by switchmen and carried to the freight house. The ambulance of C. F. Hess conveyed him to the Sawyer Sanitarium where he was attended by Dr. J. W. Adair and Dr. Carl W. Sawyer.

Dando sustained a fracture at the left wrist, his face was bruised and he was injured about the head and shoulders. It is not thought that he is internally injured. Dando has been employed by the Erie for more than twenty years and this is the first accident that has ever befallen him. His run is out on No. 9 to Huntington and back in the morning on No. 16. He left this morning on No. 3 for his home in Dayton where he will remain several weeks while his injuries are healing.

The Erie railroad earnings continue to increase and it is thought that this fiscal year will give the largest gross and probably net earnings in its history.

For the year ending June 30, 1906, the gross reached \$50,000,000, and the net \$14,667,000, of which \$9,650,000 were paid out for interest and rentals, \$1,926,000 were expended for improvements, \$2,555,000 as dividends on first and second preferred stock, leaving a balance to profit and loss of \$534,000. For the nine months this year, the gross has increased \$1,582,000, and the net \$63,541. The cost of operation was largely increased by the severe winter and a general wage advance. The weather conditions were bad in February and March. In February, 1906, but \$1,500 was spent in removing snow and ice, while in February, 1907, the cost was \$55,000.

The earnings for April will probably be \$700,000 or \$800,000 in excess of the same month of the previous year, as there was a suspension of mining in the anthracite region at this time last year.

The following special from New York City, announces a number of changes in the official force of the Erie railroad, and will be of interest to local railroaders, as all of the mentioned officials are well known, owing to their frequent visits here. Its says:

New York, May 2.—The Erie railroad today announced the appointment of W. J. Sharp as superintendent of the Rochester division to succeed J. C. Tucker, resigned. Robert S. Parsons, assistant general superintendent of the Ohio division and Chicago & Erie railroad, has been appointed superintendent of the Susquehanna and Toga divisions with headquarters at Hornell, N. Y., to succeed Mr. Sharp. James Burke, engineer of maintenance of way, now stationed at Jersey City, has been transferred
